## Congratulations to the winner of the mask contest

University Communications : Tuesday September 1, 2020

Congratulations to Ashley Clark, a sophomore at Georgia College, for winning the Bobcats Wear Masks Contest. Ashley donned a "peches" mask, a tribute to a local produce stand on the side of Highway 441 in nearby Putnam County.

Thank you for your submissions and remember to keep showing off your bobcat spirit by masking up.

## Ed.S Candidate on Social Justice Leadership

Professional Learning & Innovation, Department of : Tuesday September 1, 2020

Principal Liz Raeburn of Bryan County Middle School was one of four panel contributors to the Georgia Association of Educational Leaders (GAEL) virtual summer conference. Ms. Raeburn discussed her leadership in social justice at the school and emphasized self-awareness, starting small, and identifying champions for continuous improvement.

Ms. Raeburn spoke during two sessions of the webinar, Social Justice Education and the School Leader, attended by 790 educators in an open session and a second session for 89 school leaders and GAEL members from around the state. Ms. Raeburn is a candidate for the Ed.S in Educational Leadership. GAEL is the umbrella organization for state P-12 leadership organizations.

## Ms. Liz Raeburn, College of Education Ed.S. Candidate, is State Panel Presenter

College of Education : Wednesday September 2, 2020

One of the College of Education's Educational Leadership, Educational Specialist (Ed.S.) candidates, Ms. Liz Raeburn, Principal of Bryan County Middle School, was invited to be a panel participant on the Georgia Association of Educational Leaders (GAEL) virtual conference on social justice.

The first event was on June 23rd and it was the kick off of the Social Justice Series for the summer presented by Dr. Stephen Peters and Dr. Mark Wilson. The panel featured 2 principals, 1 retired principal, current consultant, and 1 superintendent. The discussion and reflection was on 3 central questions:

- As a school leader, what is your role in promoting social justice at your school?
- How might I prepare my teachers to effectively discuss social justice and anti-racism in our schoolhouses?
- What might I do—and continue to do – to be a champion of social justice?

Ms. Raeburn said this about her panel discussion: "Some of the things I openly discussed were related to creating spaces for our staff and teachers to begin to have honest, authentic dialogue about the work necessary to dig into our implicit biases and do the work to model anti-racist work, behavior, conversations, and practices. We also broke out into zoom groups to have a little more personal discussion, and we had over 900 participants!"

"We then brought the band back together for a reunion for the Virtual GAEL conference last week [August 26]. We delved into the same questions—and discussed as school had started, what work are we continuing to do."

"My main message to wrap up was study-struggle-focus. It is imperative as leaders of schools that we are continuous in our work to read and reflect and dig deep into ourselves and our self awareness. I personally, am here to get it right....not be right....and that is the work we need to do. Be a better human to all humans."

## Reminder: Outdoor Emergency Notification System Test Wednesday, Sept. 2

Public Safety : Wednesday September 2, 2020

Georgia College will test the Outdoor Emergency Notification System (siren system) Wednesday, September 2, 2020. This test is scheduled to occur the first Wednesday of every month between 10 a.m. and noon and last approximately one minute. No action is required during the testing, and all campus operations should continue as normal. A message stating that this is a test will precede and follow the "alert" tone. In the case of an actual tornado warning, the message would advise of a tornado warning, and the tone would cycle through. This would be repeated every five minutes until the warning expires or is canceled, at which time an all clear message would sound. The audible system test will only be tested when clear sky conditions are present. Tests will not occur when skies are dark or severe weather is predicted for the area on the day the test is scheduled to occur. In this case, the test will be canceled for the month.

There are three sirens operated by GC in Baldwin County: one on West Campus and two on Main Campus.

This testing program is designed to maintain a reliable warning system and to meet recommended testing guidelines. Additionally, we want to maximize the effectiveness of the Outdoor Emergency Notification System. By performing these tests, we hope to enhance awareness and education regarding emergency preparedness at Georgia College and within the local community.

For more information on the Outdoor Emergency Notification System and other campus emergency systems, please visit <https://www.gcsu.edu/publicsafety/emergency-systems>.

## Virtual Feminist Leadership Academy

Women's Center : Thursday September 3, 2020

Join the Women's Center and LGBTQ+ Programs for the Fall 2020 Feminist Leadership Academy!

The dates for our virtual retreat will be September 11-12, 2020 on Zoom. This retreat will include group sessions, community building and identity workshops, with more detailed logistical information to come in the next week!

The Georgia College Women's Center is continuing the Feminist Leadership Academy (FLA) as a way to bring together women-identifying and ally students to empower them in fostering connections on campus and in the community, as well as discover their personal relationship with feminism. This will allow for expansive conversations around intersectionality, feminism, growing communities of women and exemplifying these values in daily life. FLA will continue to provide historical context about the cultural norms that have limited women's participation in leadership roles. We will continue our conversations on the importance and impact of intersectional feminism and how to continue the work of feminist organizing on-campus in a virtual world!

Below are the Feminist Leadership Academy learning outcomes for the Fall:

- Participants will analyze the impact that their privilege has on leadership roles and opportunities, as well as how to promote power for women who have less access to the same opportunities.
- Participants will collectively engage in formulating solutions that address issues of inequity and incorporate their greater understanding of feminism.
- Participants will be able to identify how their personal values that motivate them to take action in their communities and on their campus have changed and been promoted since the Fall retreat.

Registration is due by September 4, 2020 at <http://bit.ly/FemLead2020>. Please get in touch with Emily Brookshire at [emily.brookshire@gcsu.edu](mailto:emily.brookshire@gcsu.edu) if you have any questions!

# High Alert - electricity reduction for Sept 3rd through Sept 11th

Sustainability, Office of : Thursday September 3, 2020

GC is on High Alert status as higher temperatures result in increased electric pricing above the normal operating price from this point through Sept 11th.

The campus community is urged shut down all non-essential lighting and equipment especially during the peak hours of 1 p.m. to 8 p.m. Please do not just turn off, unplug everything not pertinent for use.

If you have access to windows, use the natural light. Turn lights off when you leave your office. Keep temperatures to 75 F. Unplug computers, monitors, printers, copier machines, lab instruments, appliances and other equipment as you leave for the day. All of these activities will help tremendously.

Facilities Management staff will conduct walk-throughs turning off classroom and other unoccupied space lighting and individual AC units in unused spaces as well as shutting down non-essential equipment. If Facilities Management staff attempt to turn off lighting or AC equipment in areas where it is needed, please inform them of the need and they will gladly accommodate.

The Office of Sustainability and the Department of Facilities Management realizes this is a difficult time with the current campus environment and would like to thank everyone for your cooperation and understanding in this matter. We urge you to assist with communications by passing this information along to the campus community. If you have comments or questions, please do not hesitate to call/email the following contacts:

## REMINDER: First Peer Feedback on Teaching (PFoT) Request Period Opens Next Week

Center for Teaching & Learning : Friday September 4, 2020

The goal of Peer Feedback on Teaching (PFoT) is to provide support to help you improve the quality of learning in your classroom. Deliberate, continuous improvement of one's teaching is one of the great joys of being a professor, and our trained observers enjoy the opportunity to work with you as you develop yourself.

We utilize a strengths-based method to help you discover and build upon your skills in the classroom. For Fall Semester, PFoTs are offered September 7th through September 25th and again on October 12th through October 30th for both in-person and synchronous online courses. If you are interested in scheduling a PFoT, please contact the Center for Teaching and Learning at (478) 445-2520 or [ctl@gcsu.edu](mailto:ctl@gcsu.edu). Please provide a week's notice or more for scheduling.

# Ashley Copeland Named to 2020 Class of Anti-Defamation League's Glass Leadership Institute

Leadership Programs : Friday September 4, 2020

Georgia College assistant director of leadership programs Ashley Copeland has been selected for the Anti-Defamation League's 2020 Glass Leadership Institute.

The Glass Leadership Institute, now in its third decade, brings together leaders from academia, private enterprise, and the public sector to develop cutting-edge strategies to combat hate and bias. Participants engage in dynamic, interactive sessions on a broad range of topics, empowering them for the important work of fighting hate for good and the full range of issues on the Anti-Defamation League agenda. With instruction from top field experts, the 2020 class will focus its efforts on civil rights, advocacy, and education, and combatting anti-semitism, cyberhate, and extremism.

Copeland is among the 20 members of the 2020 class, selected after a rigorous review process from applicants across the southeast.

"To be a lifelong learner means to ask questions, seek out answers, and to be curious. I am honored to be selected for the 2020 Glass Leadership Institute and to continue my learning," says Copeland. "I hope to better understand how to secure justice and fair treatment for all and implement actions in my personal, professional, and civic life that reflect this learning."

"Ashley is certainly one of the rising women leaders at Georgia College," says Chief Diversity Officer Carolyn Denard. "Selection for this program not only validates the good work that Ashley is doing, but it also provides an excellent opportunity for her to develop more informed strategies to challenge acts of hate and prejudice, to refine her own leadership skills, and to network with other leaders across the country focusing on issues that are critically important in our society today."

Copeland teaches in the Georgia College Leadership Certificate Program, leading the signature colloquium, "How to Change the World." In this course, students analyze global challenges, practice leveraging resources, and learn to harness the power of political and social systems to address the needs around them.

Copeland holds a master's degree in educational leadership from Minnesota State University, Mankato. She is a 2012 graduate of Georgia College, where she received her bachelor's degree in exercise science.

She serves as an ambassador for the Milledgeville-Baldwin County Chamber of Commerce. She is an alumna of Leadership Baldwin and of the 2017 class of Georgia Forward's Young Gamechangers leadership action program.

# CTL Webinar: Creating an Inviting and Welcoming Space for Learning - Universal Design for Learning

Center for Teaching & Learning : Friday September 4, 2020

Universal Design for Learning (UDL) seeks to create courses that all students find interesting, engaging, and even exciting. UDL provides a positive learning experience for all students. This program provides an overview of Universal Design from its beginning in the field of architecture to its entrance and application. Three (3) UDL principles, as defined by CAST and the National Center on Universal Design for Learning, are introduced through a video by The Center for Excellence in Teaching and Learning at Oakland University, Rochester, MI. Participants will be given the opportunity to discuss each of the three principles; Engagement, Representation, and Action & Representation, and how they might be applied to academic courses. Program participants are provided with any number of resources including information on an interactive graphic explaining the three UDL principles in detail and links to a series of five (5) minute videos explaining the principles.

Registrants will be sent the link to attend the webinar. A recording will be released.

# Georgia College Criminal Justice Student Attends National Forensics Academy Collegiate Program (NFACP)

Government & Sociology, Department of : Friday September 4, 2020

Over the summer, Georgia College Master of Criminal Justice student, Dalton Skaggs, attended the National Forensics Academy Collegiate Program (NFACP). This is an excellent opportunity for students to learn about forensic science and the intricacies of crime scene investigation as well as a chance to visit an actual body farm. Dalton tells us about it:

The NFACP is offered once a year during the summer semester at the Law Enforcement Innovation Center (LEIC) in Oak Ridge, Tennessee in partnership with the University of Tennessee at Martin. This 3-week class is something I did as a Transient Student at the University of Tennessee at Martin which is in all the way in the Northeast corner of Tennessee, but the program itself is actually held in Oak Ridge which is a short drive from Knoxville. The class offers up to 9 elective hours for undergraduate and graduate students. It's an on-site program where classes are held at the LEIC, but students are housed in apartments away from the LEIC with a roommate, and housing is a part of the financial fee for the class. Food is not provided. The total cost for the class is \$4,800, and I would do it over and over again if I could.

This summer was the 9th time this class has been offered, and this year the program was referred to as "NFACP Session IX." Of the 9 years the class has been offered, this graduating class makes the total number of graduating students 205 from all 50 states and territories. Session IX this year consisted of 21 total students. For this session I was the only graduate student, I was the only student from Georgia College and State University, and I was the only student from the state of Georgia.

Our instructors consisted of highly experienced staff at the LEIC, special agents from the Georgia Bureau of Investigation, the Ohio Bureau of Criminal Investigation, the Minnesota HERO Center, the founder of the "Bodyfarm" Dr. Bill Bass, renowned anthropologist Dr. Arpad Vass, Dr. Melissa Muendel, and many other very special guest speakers and instructors.

To explain what the "Bodyfarm" is, it's a multi-area research facility where students and scientists can study the body decomposition and anthropology of the human body under different circumstances. The bodies that are used are donated to the University of Tennessee for scientific purposes. The bodies are scanned for biological diseases and contaminants to ensure the safety of students and researchers, and the remains are respected and kept together to honor possible family requests to get their loved one's remains back from the university. Our class spent one day at the Bodyfarm, July 30.

I have 2 cool stories about finding a snake and scorpion while excavating our grave, and moving a dead body and placing it in an open grave at the end of the day (moving a dead body is not part of the class, but I was asked to help the staff move a dead body, and legally burying a dead person is not something you always have the chance to do in life :-P)

To give a break down the curriculum, we were taught, practiced, studied, and tested on:

Crime scene management, crime scene documentation, crime scene sketching, forensic photography, impression evidence, latent fingerprint physical & chemical processing, bloodstains and adhesives, DNA identification & collection, forensic anthropology, biological profile & skeletal biology, time since death estimations, entomology, clandestine grave recovery at the Bodyfarm, shooting incident reconstruction, and bloodstain pattern analysis. I can break down specifics of each of those areas if we need to.

The main assignment I had to do for the class was a large portfolio assignment that consisted of over 150 photographs and 5-7 pages worth of typed material with 5 scholarly sources. The portfolio assignment I made was a large PowerPoint presentation, but I did not actually present it; I just submitted it for grading and it counted for 50% of my final grade. 30% of my grade were tests worth 10% we had at the end of the week, and the final 20% was a final practical crime scene exam we had on the last day of class.

The information taught at the National Forensic Academy Collegiate Program in just 3 weeks was astonishing! The exclusivity of instruction from special agents, forensic experts, and doctors in anthropology was unmatched. We had hands-on experiences in areas like forensic photography, physical and chemical fingerprinting, bloodstain pattern analysis, human remains recovery at the Body Farm, and more. We not only learned at the Body Farm and the UT Arboretum, but we worked in the labs at the LEIC which provided a well-rounded experience of lab work and field work. For me, this course proved beyond a doubt that criminal investigations, especially crime scene, is the career path I want to pursue. On weekends we were able to explore East Tennessee with our classmates, and I personally made some friends that I still speak with daily during this experience. The NFACP not only provides you with valuable information and professional connections in the field of forensic science, but it places you in a unique position as a student and future job applicant as only 205 students have acquired this training since the NFACP's inception 9 years ago. The education, expertise, and experiences are well worth your time and investment. If you are interested to learn more about the NFACP, you can reach out to me at [dalton.skaggs@bobcats.gcsu.edu](mailto:dalton.skaggs@bobcats.gcsu.edu).

# First Request Period of Peer Feedback on Teaching (PFoT) is Open

Center for Teaching & Learning : Tuesday September 8, 2020

The goal of Peer Feedback on Teaching (PFoT) is to provide support to help you improve the quality of learning in your classroom. Deliberate, continuous improvement of one's teaching is one of the great joys of being a professor, and our trained observers enjoy the opportunity to work with you as you develop yourself.

We utilize a strengths-based method to help you discover and build upon your skills in the classroom. For Fall Semester, PFoTs are offered September 7th through September 25th and again on October 12th through October 30th for both in-person and synchronous online courses. If you are interested in scheduling a PFoT, please contact the Center for Teaching and Learning at (478) 445-2520 or [ctl@gcsu.edu](mailto:ctl@gcsu.edu). ## Fall 2020 Graduate Research Grants - Deadline Extended

The Graduate School : Wednesday September 9, 2020

The Graduate School is now accepting applications for the fall cycle of the Graduate Research Grants program. Georgia College graduate students are encouraged to apply for funding to support registration costs associated with the presentation of their own original scholarship at professional virtual academic conferences.

Graduate Research Grants will be made in the following category:

Category 1: Grants will be awarded that support student presentations of original scholarship or research conducted with a faculty mentor at professional virtual academic conferences (international, national, regional and state level) in the student's discipline. Grants will also cover costs of research in the student's discipline. There is a maximum of \$400 per grant for virtual conference fees. Incomplete applications will not be considered. Students who received awards for spring 2020 and could not travel due to COVID 19, are eligible to re-apply. The deadline to apply has been extended to: October 23, 2020.

Students seeking funds to support attendance at virtual academic conferences in their field of study should apply through the SGA student travel fund.

For more information and the application, please visit The Graduate School website at <https://www.gcsu.edu/future-students/graduate/graduate-opportunities>

Completed applications may be mailed to: The Graduate School | Attn: Parris Story | CBX 107 | Milledgeville, GA 31061

# Dr. Holley Roberts appointed to Professional Standards Commission

University Communications : Thursday September 10, 2020

Governor Brian Kemp has appointed Dr. Holley Roberts, interim associate provost, to the Professional Standards Commission (PSC). She was sworn in to serve on the Educator Preparation/Certification Committee, one of two standing committees that are a part of the commission. The Educator Preparation/Certification Committee receives and reviews items referred by the Educator Preparation Division relating to the status of PSC approved programs. The committee makes recommendations to the Commission for the approval, denial or revocation of preparation programs; and monitors and advises the Commission on a variety of issues related to educator preparation.

The Georgia Professional Standards Commission was created by the Georgia General Assembly on July 1, 1991, to assume full responsibility for the preparation, certification and professional conduct of certified personnel employed in the Georgia public schools. Roberts is one of two commissioners serving from higher education.

Congratulations Dr. Roberts.

# COVID-19 and USG Benefits: Telehealth Visits

Human Resources, Office of : Thursday September 10, 2020

All telehealth visits, including those unrelated to COVID-19, will be covered at 100% with no out of pocket costs for all USG healthcare plans through September 30, 2020.

With the passage of the CARES Act and state directives related to social distancing, many doctors' offices have shifted appointments to virtual visits. USG has expanded the definition of telehealth to include virtual office visits.

If you have non-emergency healthcare concerns, telehealth can be a good option. While COVID-19 cannot be confirmed through virtual or remote care, provider teams can help with screening symptoms, assign risk, answer questions, and recommend next steps. Please visit <https://livehealthonline.com/> to schedule a telehealth visit.

## College of Business gears up for Elevator Pitch Competition

College of Business : Thursday September 10, 2020

The ninth annual Georgia College GEICO Elevator Pitch Competition (EPC) is scheduled for early October. The biannual event puts approximately 500 undergraduate business students in front of business professionals each semester to pitch themselves in one minute.

The EPC prepares students for career fairs, networking events, and job interviews by helping them to focus on their skills, abilities and knowledge sets that will bring value to a future employer. Throughout the competition, students are judged by potential real employers for their ability to speak well, demonstrate knowledge related to the job, and sell or influence others -- three of the top skills employers seek of new college grads according to the NACE Annual Survey.

Students who participate more than once show marked improvement in how well they place and the feedback they receive from potential employers. To learn more about what is expected of student participants you can view a teaching session from Dr. Renee Fontenot [here](#). The event is the largest such competition in the nation and provides visible impact for Georgia College students.

Lukas Bright, a 2019 marketing graduate, was a top 20 EPC finalist his senior year. He was later hired by TTI, an employer he met through the competition. The skills and knowledge he gained in his major and through the EPC helped him earn a recent promotion to Territory Manager over the Knoxville, Tennessee market.

This semester the EPC will be held virtually with students and judges connecting through an online platform. This is similar with career fairs at GC, which will also be virtual this fall. Students will be prepared and expected to meet the same standards used in past competitions.

# Honors College Open in Humber-White House

Honors College : Thursday September 10, 2020

The Honors College is officially open for business in the Humber-White House! Some work remains to be done: equipment like whiteboards to acquire for the study rooms, for example. But we are up and running, so please come check out the new space, especially the student lounge (203), the seminar room (206), and the two study rooms (306 and 308). The Honors College would like to express deep appreciation to the President, the Provost, and their staff members, and to colleagues across campus--particularly in Facilities, Materials Management, and Serve--for the invaluable contributions they made to bring the project to fruition. In a broader sense, support for Honors students runs broad and deep--through each of the colleges and among so many co-curricular departments--that listing each would produced a long list. Thank you each and every one. Please come visit the new space the help us celebrate the milestone!

## Javier Francisco appointed Interim Executive Director of Admissions

Enrollment Management : Friday September 11, 2020

Georgia College is pleased to announce the appointment of Mr. Javier Francisco as Interim Executive Director of Admissions. Mr. Francisco is serving in this role following the departure of Ms. Gwen Chretien.

Javier Francisco has served Georgia College as Associate Director of Enrollment Management since 2007. His primary focus has been the recruitment and retention of academically talented Latino students. In his tenure here, enrollment of new Latino students has increased by 124%. He helped form and advises the Latino Student Association at Georgia College. The Lumina Foundation took special notice of Javier's impact on students and featured him in one of their publications.

As a senior staff member in Admissions, Javier has always taken new recruiters under his wing to "show them the ropes." He has a strong passion and understanding for the importance of the liberal arts education provided by Georgia College, and his dedication to our brand and ability to build relationships with prospective students and families is unparalleled. Georgia College is fortunate to have Javier in this role.

Javier Francisco graduated from the University of California, Berkeley and has worked with several non-profit organizations in California who teach media literacy to youth and families at risk.

# HR Deadline Today for 10/4 Starts

Human Resources, Office of : Friday September 11, 2020

Today—Friday, September 11, 2020—is the deadline for offer letter submission to the Office of Human Resources for any staff or student bi-weekly new hire or rehire starting on October 4, 2020. Offer letter submission is the first step on the updated start date matrices for all new and rehires. All student and staff offer letters must be sent to HR for review and approval before extending them to the new hire or rehire. This helps ensure that we remain compliant with our many institutional, USG, state, and federal regulations.

The next bi-weekly start date for eligible new hires and rehires will be October 18, 2020.

There is a deadline within the matrix for document submission to HR. Please encourage your new hires and rehires to deliver their offer letter acceptance and ALL enclosures to HR via email to [NewHirePaperwork@gcsu.edu](mailto:NewHirePaperwork@gcsu.edu) by this deadline (September 16, 2020) to ensure that there will be no immediate delay in start date of 10/04/2020. All documents should be submitted together; a complete new hire/rehire packet makes for a smoother onboarding experience.

## Offer Letter Templates:

The offer letter templates for students and staff were updated June 11, 2020 to accommodate the current workplace conditions; it is vital that you reference the most up-to-date documents. Everything is available on the HR intranet for review. Please discard any old saved templates and use the current documents online. The HR Intranet can be accessed by following the steps below:

1. Login to Unify
2. Click on the Campus Resources tab across the top of the screen
3. On the right side of the screen, you will see links listed alphabetically under INTERNAL SITES (requires Unify); click on Human Resources
4. From the menu on the left side of the screen, click on Employment Services then Onboarding Employees
5. Select the Employee Type (Student, Regular Staff, Temp Staff, GA, etc.) and see the complete steps for onboarding listed

## Start Date Matrices & Clearances for Start Dates:

I'd like to extend a reminder of the Start Date Matrices we have in place for our monthly & bi-weekly paid staff and students. These matrices are in place in order to allow for adequate processing of new hire/rehire paperwork, and to ensure that your new/returning employees have all access they need on the day they are scheduled to report to work. We need all pertinent paperwork (offer letters, PAFs, etc.) prior to the effective date. Please keep these dates in mind as you consider adding/changing information such as, but not limited to:

- New hires
- Rehires
- Changing position titles
- Adding concurrent position
- Changing managers/timecard reports to
- Funding source changes

This window of time allows for processing of pre-employment background checks, credit checks, and drug screens (when required), review and processing of PAFs in all pertinent departments, compliance checks regarding eligibility for employment based on federal regulations, and data entry into multiple systems to ensure all necessary access is granted.

Please be mindful of your records and adhere to the start and end dates for all employees. This ensures that we remain compliant with institutional, USG, state, & federal regulations and that we minimize any risk to the institution. If you wish to extend an employee's original term date, please contact us prior to that date and in accordance with the respective start date matrix per the employee type.

All employees MUST meet all required clearances before they are eligible to begin work. There are no exceptions. HR will issue a formal clearance email to the manager once the employee is clear to begin work. If HR issues a clearance date, employees cannot "volunteer" before said clearance date unless they have met the appropriate clearances required of a volunteer.

The October - December 2020 matrices for monthly paid staff, bi-weekly paid staff, and students (all paid bi-weekly) are available on the HR intranet for review at any time. Please see the respective tabs/sheets at the bottom of the spreadsheet for each category of employee/pay schedule. If you have any questions about these dates, please don't hesitate to contact myself or any member of the Employment Services Team.

Offer letters must be sent to [employment@gcsu.edu](mailto:employment@gcsu.edu) for review & approval prior to issuing to your new hires and/or rehires.

All PAFs must be sent to [PAF@gcsu.edu](mailto:PAF@gcsu.edu) for processing.

# Call for Student Technology Fee Innovation Grants – Fall 2020

Information Technology : Monday September 14, 2020

Student Technology Fee Innovation Grants – Fall 2020 | Application Deadline: Oct 13

Do you have an innovative technology research project in mind? Do you need funding? A portion of the Student Technology Fee has been reserved to fund your innovative research projects.

To support the initiatives of the University, the Provost, CIO and Student Technology Fee Advisory Committee (STFAC) updated the grant guidelines to support research and capitalize on the impact of the grant. STF grants should support technology-based research opportunities that show student impact. Each grant must also include a plan to disseminate the research results so others can benefit from this innovative work.

The grant is not designed to provide ongoing funding and must be used within the fiscal year budget guidelines. The grant is not designed to fund cameras, iPads or computers. STF provides a bulk quantity of cameras, iPads and computers for checkout through Russell Library.

All grant proposals must have the approval and quote(s) from Information Technology. The Interim Director of Technology Support Services, Sonny McKenzie, will assist you with pricing and help to ensure your project can be implemented. Please send your request to [sonny.mckenzie@gcsu.edu](mailto:sonny.mckenzie@gcsu.edu) with STF Grant noted. Once you have a well-researched plan with a budget, please access the grant form (Word) on the [STF Grant site](#). This document should be submitted via email to [stf@gcsu.edu](mailto:stf@gcsu.edu). After you complete your submission, a confirmation email will be sent. Please don't hesitate to contact us with your concerns and suggestions.

The deadline for application submission is October 13, so start planning! The STFAC will provide written notification of fund disbursement by November 10. If you have any questions, please contact the committee at [stf@gcsu.edu](mailto:stf@gcsu.edu).

## Bobcat Esports to Begin Overwatch this Fall

Intramurals & Recreational Sports : Tuesday September 15, 2020

The Peach Belt Conference and commissioner David Brunk are pleased to announce that the league will add a second title to its Esports offerings with its first season of Overwatch this fall. Play will begin Sept. 26 and continue for eight weeks, leading to the PBC Tournament Nov. 21 and 22. All contests, including tournament play, will be conducted remotely in keeping with current health practices. Participating teams and the inaugural schedule will be released by the league office on Friday.

Published by Blizzard Entertainment, Overwatch is a fast-paced futuristic first-person game featuring two teams of six facing off head-to-head. Taking place on a near-future Earth, players choose a 'hero' character to control, each with their own unique abilities and roles. Matches are played on a variety of maps with different game modes where teams are tasked with defending territory, securing an objective or escorting a payload. Teams must work together, constantly adjusting their strategies based on the map and the characteristics of their selected Heroes.

Launched in 2016, Overwatch has quickly grown into one of the most popular Esports titles in the world with tens of millions of players competing at every level. The professional Overwatch League (OWL) debuted in 2018 and currently sports 20 franchises in Asia, North America and Europe.

# DUO Self-Service and USB Yubico Keys

Information Technology : Tuesday September 15, 2020

Universities across the nation are rolling out multi-factor authentication to facilitate better security around system access. Georgia College uses DUO for our multi-factor authentication. Last week we expanded it to include students with the addition of GeorgiaVIEW. Soon you'll receive notices on Front Page about our next efforts to use DUO with PAWS and then with Student Email systems.

Many users complete DUO authentication using their mobile phones. Information Technology recommends registering several devices. DUO allows users to register phone numbers, iPads, iWatch, and other devices that support apps. There is no limit to the devices that you can use.

To add devices to your account, you'll go into DUO Self-Service (found once you login to Unify) and choose the "+Add another device" option located near the bottom of the screen.

An additional option supported by DUO are USB Yubico keys for use with USB compatible devices. The Blue-colored Yubico U2F keys (about \$20 at amazon.com) work with current versions of Chrome, Opera, and Edge (it does not work with Internet Explorer, Firefox, or domain/computer logins). These keys may be added to your account through DUO self-service.

The Black-colored Yubico FIDO keys (about \$45 at amazon.com) work with all known browsers and with domain/computer logins. These keys must be registered by IT. To have your key registered, please submit a [ticket](#) to the Serve Help Desk to arrange dropping off your key to be registered. Once the key is associated with your account, you will be contacted.

# Priority Registration Requests due September 21

Registrar's Office : Tuesday September 15, 2020

Priority registration allows student groups to be granted permission to register at the beginning of the registration queue. In order to be considered, student groups must 1) participate in a university sanctioned activity that significantly benefits the university and 2) demonstrate that priority registration is necessary for the students to successfully participate in the activity and achieve their academic goals. Applications must address both requirements.

Organizational requests for priority registration should be submitted by the organization president or advisor to [registrar@gcsu.edu](mailto:registrar@gcsu.edu) by 5 p.m., Monday, September 21.

# "Feminist Idols: The Past and Present of Feminism"

English, Department of : Wednesday September 16, 2020

What is feminism? Does it still matter?

The Georgia College Women's Center in collaboration with the GC2Y "Sex and Resistance" class will host a lecture by Anna Whiteside, MFA (Georgia College Assistant Director of the Honors Program and Coordinator of the National Scholarships Office) on September 23rd at 1pm on Facebook Live (@gcsuwomenscenter). This lecture will tackle the continued importance of feminism through a discussion of feminist idols in popular culture. Ms. Whiteside will touch on the history of feminism, how feminism is currently progressing, and why we still need feminism. During the lecture, please feel free to add questions or comments on the Facebook Live page which will be addressed during the last 20 minutes of the event.

The goal of this lecture is to start conversations and to inspire the students of Georgia College to learn more about feminism and its relevance on campus in 2020. You can learn more about student perspectives of feminism in the 21st century at the following website created by the GC2Y students organizing this event: <https://campbellhogan.wixsite.com/group1>. You can register for the event at the following link: <https://fb.me/e/1vtp2Hlq8>.

\*This is the first lecture in a weekly series this semester on "sex and resistance" at Georgia College and beyond.\*

# GC African American Alumni Council's Promise Keepers Scholarship

Alumni : Wednesday September 16, 2020

The Georgia College African American Alumni Council is asking the entire GC community of alumni, students, faculty, staff and friends to join together and make an impact on African American Georgia College students by supporting the Promise Keepers Scholarship.

The sacrifices made and the obstacles overcome by the first African American students at Georgia College further solidified that no matter the sacrifice, African Americans deserved the right to access equal educational opportunities. Now, it's your turn to build upon that foundation by affording future generations of African American students the opportunity to attend Georgia College by making a gift to the Promise Keepers Scholarship. By October 30, we hope to raise more than \$10,000 to continue upholding our promise by creating pathways for the next generation to succeed.

# Research Grant Request for Proposals Now Open for 2020-2021 at the Sandra Dunagan Deal Center for Early Language and Literacy

Center for Early Language & Literacy : Thursday September 17, 2020

The COVID-19 pandemic has produced unprecedented complications in areas of early language and literacy development. The Deal Center posits that although there is already a great deal known about factors to consider, the conditions that must be in place, and what to do for early language and literacy development given normal circumstances, the focus for early language and literacy practices should also incorporate the development and use of effective alternative approaches. The question that presents itself now is how do we successfully apply what we know about creating the conditions defined by the GGR four pillars to environments—virtual and otherwise—that have prioritized the safety of all involved? How do we create learning environments that are both safe and effective at fulfilling the early language and literacy needs of children birth to age 8 amidst the pandemic?

The purpose of this grant mechanism is to provide funding for research about implementation of early language and literacy practices for children birth to age 8 that create the conditions for all children to be on the path to third-grade reading proficiency, as defined by the GGR four-pillar framework of language nutrition, access, positive learning climate, and teacher preparation and effectiveness. More specifically, funding will be provided to University System of Georgia Institutions and State Agencies for the development and/or implementation of virtual and face to face practices that present innovative approaches to fulfilling the early language and literacy developmental needs of children birth to age 8 while simultaneously addressing the threat of the COVID-19 virus and/or during non-pandemic related conditions.

Eligible applications must exhibit the following characteristics:

- This research grant is only open to University System of Georgia Institutions and State Agencies.
- Cross-sector collaboration between applicant and partner organization. Examples include GA Department of Public Health and Emory University School of Nursing; Georgia State University and the Rollins Center, Atlanta Speech School; University of Georgia and the McPhaul Childhood Development Lab
- Address on of the conditions for all children to be on the path to reading proficiently— and beyond—as defined by the four pillars of language nutrition, access, positive learning climate, and teacher preparation and effectiveness.
- Demonstrate the capacity to show implementation progress by December 1, 2020.
- Grants are issued for one year. Allocation is limited to a total cost of \$50,000.00. A total of five (5) grants will be awarded.

Completed application should be submitted to the Sandra Dunagan Deal Center for Early Language and Literacy no later than 5pm on October 28, 2020.

Applications will be completed and submitted via Qualtrics. Please click on this link to access the application [https://gcsu.co1.qualtrics.com/jfe/form/SV\\_d0CdpPQZxWJqtoN](https://gcsu.co1.qualtrics.com/jfe/form/SV_d0CdpPQZxWJqtoN) (\*\*Review the application starting on page 7 BEFORE visiting this link. # Elect to Receive Your 2020 W-2 Electronically

Payroll Services : Friday September 18, 2020

Georgia College is pleased to announce you may now elect to receive your W-2 statements online through OneUSG Connect.

Federal regulations require that employees give their consent to receive the W-2 in an electronic format. Employees must consent to electronic delivery by Dec. 31, 2020.

It's easy! Follow these steps to consent to or confirm your current status:

1. Log into OneUSG Connect.
2. Click the Taxes tile from Employee Self Service.
3. Click W-2/W-2c Consent.
  - If you have already consented in OneUSG Connect to receive W-2 or W-2c forms, your status will indicate "Consent received," and no further action is required.
  - If your current status is "No consent received," proceed to step four.
4. Click the box for "Check here to indicate your consent to receive electronic W-2 and W-2c forms."
5. Click Submit.

Once your consent is given in OneUSG Connect, it carries forward each year and does not need to be repeated.

Why should you consent to electronic W-2?

1. Online delivery provides access to your W-2 statement earlier than the traditional paper process.
2. Online delivery minimizes the chance that your W-2 statement will get lost, misdirected or delayed during delivery or misplaced after received.
3. Employee-sensitive information is safer. Electronic delivery helps ensure that your W-2 is delivered directly to you and not opened/seen by the wrong person.
4. You can retrieve your W-2 statements at any time of day and on weekends.
5. You can print multiple copies at your convenience.
6. Go Green! Contribute to institutional cost savings (e.g., forms, printing and postage expense).
7. W-2 statements will remain online for multiple years.

If you do not consent, a paper W-2 will be mailed to your current address on record.

# #BobcatsStayTogether Video Contest - \$1,000 in Cash Prizes!

University Communications : Friday September 18, 2020

We are proud of the way our Georgia College community has come together to face the challenge of COVID-19. This requires all of us – faculty, staff and students – to remain vigilant and to do all that we can to keep ourselves and each other safe. Georgia College is committed to providing the highest standards of education and student success while maintaining a safe and healthy environment for everyone.

In that spirit, we are launching a video competition that we hope can bring out the creativity, positivity and the energy of our Bobcat community. We are calling on all students to submit a short video to express the ways we can support each other by following our collective values of Reason, Respect and Responsibility.

Be a part of the #BobcatsStayTogether video contest!

## Prizes:

Grand prize winner(s) = \$500 cash

Second prize winner(s) = \$300 cash

Third prize winner(s) = \$200 cash

## How to Enter:

To enter the contest, post a short video on social media (30 seconds or less) showing how you are encouraging safe behaviors in regards to COVID-19 both on and off campus. Use the hashtag #BobcatsStayTogether on Facebook, Instagram, or Twitter. Prevention themes can include social distancing, avoiding crowds and social gatherings, wearing facemasks, and other measures indicated by the Centers for Disease Control and the Georgia Department of Public Health.

## Contest Period:

## A note of gratitude

President, Office of the : Friday September 18, 2020

Dear Bobcats,

Thank you for your continued vigilance in wearing your face masks and practicing social distancing. I am encouraged by the testing results that we have seen over the last week, which tells me that many of you are doing the things needed to protect your health and the health of others. Your dedication is not only helping to keep us healthy, but is also keeping us together as a campus community this semester. Thank you!

As we continue forward in the semester, please continue these safe practices. Avoid large crowds and gatherings, and remember to wear a face mask, especially where social distancing may be difficult.

Thanks again. Keep it up and keep us together!

# Call for Spring Semester 2021 Supplemental Instruction Leaders!

: Monday September 21, 2020

The Learning Center is currently accepting requests for Supplemental Instruction (SI) Leaders for spring semester; did you know our SI program provided over 15,000 direct contact hours to students last year? And, over 2,600 students elected to attend SI session? Our data continues to show a significantly higher pass and course completion rate (50% greater completion rate) for students who attend SI sessions compared to students who do not attend.

## WHAT IS SUPPLEMENTAL INSTRUCTION?

The Supplemental Instruction program, created at the University of Missouri-Kansas City, is a non-remedial, peer-to-peer approach to learning that supports students toward academic success by integrating “what to learn” with “how to learn.”

SI Leaders are successful undergraduate students who are selected and assigned to a section(s) of a particular, often introductory, course. A primary goal of the SI program is to increase enrolled students’ successful completion of historically difficult classes. SIs attend all class meetings, take notes, coordinate with faculty as needed, and serve as models to those students currently enrolled in the section. The SI Leaders host regular, peer-facilitated study sessions, outside of class time, to discuss course concepts, review or practice material, and help strengthen students’ study skills. SI Leaders provide peer collaborative learning experiences which promote assimilation into our campus culture.

All academic disciplines are eligible to apply for SI Leader positions; the Learning Center recruits, hires, trains, and supervises the SI Leaders and program as well as surveys faculty partners and the participants at the end of each semester. If you have any questions, please feel free to contact the Learning Center. Allocation decisions will be announced to recipient departments on or about September 23rd, allowing time for us to collaborate with the Instructor to identify and select the best matches for our spring SI Leaders. Our goal is to solidify our 'matches' by October 7th.

To request SI support for your students, please use the below Qualtrics survey link.

[https://gcsu.co1.qualtrics.com/jfe/form/SV\\_1LkxUDmegRaI7et](https://gcsu.co1.qualtrics.com/jfe/form/SV_1LkxUDmegRaI7et)

The deadline for requests has been extended to 5p Monday, September 21st.

We are looking forward to working with you!

Jeanne Haslam

Director, the Learning Center

# All-Chopin Recital: Georgia College Piano Studio

Music, Department of : Monday September 21, 2020

Sunday, Sept. 27 Georgia College's annual piano studio fall recital, "All Chopin," will be online at 3 p.m. Every year, in just six weeks, Dr. Owen Lovell's students are challenged to learn a new piece from sight-reading to polished and memorized performances. Musical selections this year are by the great Polish pianist and 19th-century composer Frédéric Chopin. Typical of the Romantic period of piano tradition, pieces range in mood from lyrical to heroic. Virtual doors open at 2:55 p.m. This concert will be live-streamed from [facebook.com/GCMusicDepartment](https://facebook.com/GCMusicDepartment). A \$5 donation is encouraged. Online donations can be made at [alumni.gcsu.edu/music](https://alumni.gcsu.edu/music). All proceeds benefit music scholarships or the [GC Department of Music](#) through GCSU Foundation, Inc. For more information, please email [music@gcsu.edu](mailto:music@gcsu.edu) or call 478-445-8289.

**Today (Sep. 22) is National Voter Registration Day. Get registered, check your status, update your address, request an absentee ballot, sign up for GCSU Turbovote reminders, tabling assistance by the fountain all day today**

American Democracy Project : Tuesday September 22, 2020

It is nobody's business for whom or what you vote, but it's everybody's business THAT you vote, because your vote matters. In 2018, 84.6% of GC students were registered to vote but only 41.2% actually voted (from the National Study of Learning, Voting, and Engagement 2018 report for Georgia College)

Let's make 2020 the year we get closer to 100% GC student voter registration and move the needle on GC student voting rates past 50%.

Go to [www.gcsu.turbovote.org](http://www.gcsu.turbovote.org) for personalized election reminders and all your voting resources in one place (faculty, staff and students)

Go to <https://www.mvp.sos.ga.gov/MVP/mvp.do> to register to vote on-line, check your status, update your address, get directions to your polling place, or request an absentee ballot

We will be tabling by the fountain all day to help you in any way  
Important dates:

- A soon as possible- request an absentee ballot if that is your preferred method to vote
- October 5-Last day to register to vote for the Nov 3 general election
- Oct 12-early in-person voting begins for the Nov 3 general election
- Saturday October 24-polls open on Saturday so you can vote in person and not have to get an absentee ballot.
- Tuesday November 3, Election Day, vote in person

# Elevator Pitch prepares student for leadership role as Cadet Battalion Commander for the Old Capital Guard ROTC Battalion

College of Business : Tuesday September 22, 2020

Senior management major Thomas McHugh spent some time last week on the Atkinson porch discussing his decision to attend Georgia College and his experience juggling a business major with the requirements of his Army ROTC commitment.

Originally from Tucker, Georgia, Thomas knew he wanted to go to college in-state. He narrowed his choices to Georgia College and Georgia Southern. His campus tour highlighted the classic liberal arts education experience available at Georgia College. Thomas reviewed the course list and studied his major options. He wasn't quite hooked.

His grandfather, a former Army aviator who served in Vietnam, was a lifelong role model for Thomas. His service inspired Thomas to research a way to pursue both a business degree and still give back to his country through a commission in the U.S. Army.

In the end, the proximity of Georgia College to Georgia Military College and their cross-town campus ROTC agreement was the deciding factor. Thomas felt the dual program would provide more opportunities for challenge and adventure.

McHugh was sitting at a Braves game when his mom called to say he had been selected for an ROTC scholarship to attend Georgia College. He immediately knew it was the right decision. His course was set.

Thomas' path in the College of Business started as a Business Undecided major and then switched to Business Management. As a junior, Thomas first competed in the longstanding Elevator Pitch Competition. The largest such competition in the country, Thomas achieved finalist status his first time competing. He says, "I learned so much about how to get out of my comfort zone and share about myself in a concise way in front of others."

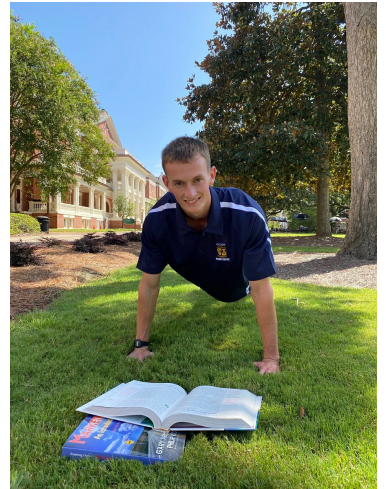

The rigorous pitch competition preparation cycle and experience of speaking in front of others, combined with leadership development lessons learned in his management classes, also prepared him to lead other ROTC cadets. He was recently selected as the Cadet Battalion Commander for the Old Capital Guard ROTC Battalion through Georgia College's ROTC program with GMC. His Professor of Military Science, Lieutenant Colonel Jerry E. Landrum, Ph.D. said, "Cadet McHugh demonstrates all of the leadership qualities we look for in future Army officers. Conscientious, focused, scholarly, and physically fit, Thomas is an exemplary student and an excellent example of the types of leaders GMC and Georgia College produce."

McHugh says his business classes and ROTC training are an excellent reinforcement of key business principles such as delegation, organizational structure, planning functions, and how to work with different personality types. The Army small unit structure and larger hierarchy serve as a real-world experiential learning environment where Thomas can observe textbook learning come to life.

When asked about the return to classes, Thomas said his professors and peers are doing as good a job as can be expected to make things work and adhere to safety measures and social distancing requirements. He admitted that the masks can make others seem less approachable. "Everyone has to work harder to achieve the kind of conversation and classroom engagement that used to be normal."

College of Business faculty are working diligently to adjust and deliver lessons in a hybrid format to both online and remote students. Many are using innovative techniques to allow students forced out of in-person classes due to quarantine to seamlessly access lessons and participate online.

Thomas is a young man of faith. He believes his decision to major in business management and commission in the U.S. Army is a way he can help preserve and defend the freedoms we enjoy in America. Indeed, he is learning all the necessary lessons and life skills at Georgia College to be a successful future American leader.

# Information Technology | Semi-Annual Notice: Technology Purchases

Information Technology : Tuesday September 22, 2020

The purchase of all GC technology equipment, licenses, maintenance, software, or subscriptions regardless of the source of funds, shall be reviewed by the GC Information Technology department. The Vice Chancellor and CIO of the University System of Georgia delegates "approval authorization" to the GC Chief Information Officer (CIO) for non-state contract purchases up to \$50,000 and up to \$100,000 for state contract purchases. Purchases over the delegated level must be submitted to the Vice Chancellor's office for approval. To assure sound purchasing, supportability, appropriate pricing and for the security of the university's resources, GC requires pre-purchase approval of all technology. There is no minimum allowable independent purchase. Under these guidelines, technology equipment, software over \$1,000.00, maintenance, or licenses shall not be purchased with departmental purchasing cards. Software purchases under \$1,000 may be purchased using a state purchasing card, please see the "Procedures for purchasing software under \$1,000" section. Technology Support Services will provide assistance with quotes for your eProcurement purchases. Please forward your request to [techquote](#). Quotes provided should be attached to your e-Procurement requisition with Mr. Sonny McKenzie (smckenzie) added as an approver. The electronic approval meets audit requirements. IT purchases should be encoded with the designated IT Codes.

Items requiring technology approval:

1. Desktop, laptop, palmtop, server or tablet computers as parts or as one unit.
2. Printers of any variety.
3. External or internal computer or laptop peripherals including hard disk drives, optical drives (CD or DVD), network interface cards, port expansion cards (either USB or Firewire).
4. Software.\*
5. Computer services of any kind.
6. Networking hardware including access points, routers, hubs, switches, bridges, antennae, keystone jacks, punch down blocks, UPS or battery back up units, generators for computing equipment, fiber optic cables, copper Category 5, 5e or 6 network cables, surge protectors for computer equipment.

Procedures for purchasing software under \$1,000 on your state purchasing card.

The process for software purchases is available through [GC Signatures](#). Access to GC Signatures requires your [Unify](#) authentication credentials.

## Text Adoptions Due Oct 1

Barnes & Noble at Georgia College : Wednesday September 23, 2020

A reminder that course material adoptions are due on October 1 through [www.facultyenlight.com](http://www.facultyenlight.com). With such a short turn around between December end of term and January start we would greatly appreciate your help with meeting this deadline. Due to the pandemic, publisher turn around on orders seems to be slower than in the past. The quicker we have adoptions in, the better we will be able to source materials for our students.

[www.facultyenlight.com](http://www.facultyenlight.com) This link will take you to Faculty Enlight where you can input your adoptions. This process helps to ensure your adoption is placed correctly. Always keep in mind that we will also take them through email at [sm8124@bncollege.com](mailto:sm8124@bncollege.com).

# Students attend ACM Richard Tapia Celebration of Diversity in Computing Conference

College of Business : Wednesday September 23, 2020

The IS& CS department sponsored 8 students and a faculty member to attend the virtual ACM Richard Tapia Celebration of Diversity in Computing, September 16 -18. This conference promotes diversity and connects traditionally underrepresented students, faculty, researchers, and professionals in computing from all backgrounds and abilities.

Students logged in to hear keynote presentations, participate in resume clinics, attend technical workshops, and chat with potential employers in the virtual career fair. Speakers talked about biases in artificial intelligence, the need for help in deep learning, and how digital technology will shape the future of businesses.

At the end of each day, Dr. Gita Phelps hosted virtual dinners where the GC students shared what they discovered during the conference. Student attendee Devin Dorsey reflected on his participation, "During my experience at the conference I was able to learn more about the field of cyber security, including live demonstrations of forensics techniques, encryption and penetration testing. I was able to network with a variety of people in this field, discuss how they became interested in the field and exchange contact information. This conference has been of tremendous help as I try to pursue a career in cyber security."

The GC seniors that attended the conference were Adam Bachman, Marcus Barnes, Dean Crawford, Devin Dorsey, Connor King, Jadrius Scott, Believe Soke, and Paul Molinari.

## **GIVE Center Movie Night & Get Connected**

**The GIVE Center : Thursday September 24, 2020**

Please join The GIVE Center tonight (Thursday) from 7-8 pm in the quad grassy area behind Parkhurst and Foundation Residence Halls to find out more information about the Service Organizations at Georgia College. Get Connected to Service Organizations at Georgia College. For every organization that you visit and talk to - you will earn a ticket for a chance to win a FREE Gift (valued at \$50.00).

After the Get Connected event, The GIVE Center will be co-sponsoring with CAB an Outdoor Movie, called Pay It Forward which will start at 8:00pm. There will be popcorn, chips, movie candy and drinks as well as you will get 5 tickets which will go in the drawing to win a FREE Gift . You must be a student and present to win the FREE Gift!

Pay It Forward is the story of a social studies teacher who gives an assignment to his junior high school class to think of an idea to change the world for the better, then put it into action. When one young student creates a plan for "paying forward" favors, he not only affects the life of his struggling single mother, but he sets in motion an unprecedented wave of human kindness which, unbeknownst to him, has blossomed into a profound national phenomenon.

# What is Intersectionality?

English, Department of : Thursday September 24, 2020

The Georgia College Women's Center in collaboration with the GC2Y "Sex and Resistance" class will host a discussion about intersectionality, feminism, and anti-racism on October 1 at 6:00 on Zoom. The link to register for the Zoom is <https://gcsu.zoom.us/j/6146666666>. We will feature a TED-Talk by Kimberlé Crenshaw followed by a discussion of how intersectionality relates to feminism and anti-racism. Feel free to come with questions or form them as we discuss. The goal of this event is to open up meaningful conversations that give GC community members a new perspective on important topics. We want to provide a space where you can share your thoughts and talk with other GC students about them. You can learn more about feminism and anti-racism at the following website created by the GC2Y students organizing this event: <https://brettbennett9.wixsite.com/sec2fem-anti-racism>

## **GALILEO for Students on Thursday, September 24, 2020 from 12pm to 1pm (Online Library Workshop)**

: Thursday September 24, 2020

GALILEO is our online library portal to authoritative, scholarly information. It's a great place to start a project and to search across all types of resources, but with so many functions and options it can be overwhelming. This workshop is for students who want to learn how to use GALILEO successfully. Please register for this workshop at <https://gcsu.libcal.com/event/7013447> Once you register, a link to the meeting will be emailed to you.

Learning Objectives include:

- Learners will summarize the various search options in GALILEO.
- Learners will illustrate how to conduct searches for peer reviewed articles and ebooks.
- Learners will illustrate how to narrow or broaden your search.

## Young Alumni Expand GC Culture of Philanthropy Wherever They Go

College of Business : Friday September 25, 2020

Georgia College works hard to foster a culture of philanthropy on campus. We believe that philanthropy is rooted in giving time, money, experience, or talent to help create a better GC family.

It begins when students are engaged in the classroom and builds throughout their undergrad years. When our students graduate or continue with post grad studies, we hope they have been impacted by the positive philanthropic effect of those who invested in their learning experience. Whether through programs, funded research, newly constructed buildings, or personal faculty mentorship and relationships—our students leave Georgia College understanding they are part of a GC family who believes in them.

We often hear of alumni thriving and succeeding in their careers and it warms our hearts. But when we hear that one of our own is now stepping beyond career success to invest their time in the program that helped connect their GC student experience to their future? Then we get really excited.

Chancelynn Ridley's ('18) participation in the [Grace Hopper Celebration](#) as an undergrad led to her first job opportunity at [Allstate](#). Two years later, she is now a Robotic Process Automation (RPA) Product Manager for the Allstate Agency Solutions Team. But more importantly, she is serving on the planning committee for Grace Hopper this year.

It is transformative to see a young woman find her place in a male dominated technology field and then turn around so quickly to help those young women coming behind her. Her mentorship and experience will be invaluable to another generation of IT skilled women.

Kudos to all our young alumni who seek to expand the GC culture of philanthropy to the world around them.

Gift your time always. Meaningfully contribute when you can. Offer experiential learning opportunities wherever you are. Share your talents generously.

Bobcats have hearts of gold.

# HR Deadline Today for 10/18 Starts

Human Resources, Office of : Friday September 25, 2020

Today—Friday, September 25, 2020—is the deadline for offer letter submission to the Office of Human Resources for any staff or student bi-weekly new hire or rehire starting on October 18, 2020. Offer letter submission is the first step on the updated start date matrices for all new and rehires. All student and staff offer letters must be sent to HR for review and approval before extending them to the new hire or rehire. This helps ensure that we remain compliant with our many institutional, USG, state, and federal regulations.

The next bi-weekly start date for eligible new hires and rehires will be November 1, 2020.

There is a deadline within the matrix for document submission to HR. Please encourage your new hires and rehires to deliver their offer letter acceptance and ALL enclosures to HR via email to [NewHirePaperwork@gcsu.edu](mailto:NewHirePaperwork@gcsu.edu) by this deadline (September 30, 2020) to ensure that there will be no immediate delay in start date with a push back to 11/1/2020. Again, all documents should be submitted together; a complete new hire/rehire packet makes for a smoother onboarding experience.

## Offer Letter Templates:

The offer letter templates for students and staff were updated June 11, 2020 to accommodate the current workplace conditions; it is vital that you reference the most up-to-date documents. Everything is available on the HR intranet for review. Please discard any old saved templates and use the current documents online. The HR Intranet can be accessed by following the steps below:

1. Login to Unify
2. Click on the Campus Resources tab across the top of the screen
3. On the right side of the screen, you will see links listed alphabetically under INTERNAL SITES (requires Unify); click on Human Resources
4. From the menu on the left side of the screen, click on Employment Services then Onboarding Employees
5. Select the Employee Type (Student, Regular Staff, Temp Staff, GA, etc.) and see the complete steps for onboarding listed

## Start Date Matrices & Clearances for Start Dates:

I'd like to extend a reminder of the Start Date Matrices we have in place for our monthly & bi-weekly paid staff and students. These matrices are in place in order to allow for adequate processing of new hire/rehire paperwork, and to ensure that your new/returning employees have all access they need on the day they are scheduled to report to work. We need all pertinent paperwork (offer letters, PAFs, etc.) prior to the effective date. Please keep these dates in mind as you consider adding/changing information such as, but not limited to:

- New hires
- Rehires
- Changing position titles
- Adding concurrent position
- Changing managers/timecard reports to
- Funding source changes

This window of time allows for processing of pre-employment background checks, credit checks, and drug screens (when required), review and processing of PAFs in all pertinent departments, compliance checks regarding eligibility for employment based on federal regulations, and data entry into multiple systems to ensure all necessary access is granted.

Please be mindful of your records and adhere to the start and end dates for all employees. This ensures that we remain compliant with institutional, USG, state, & federal regulations and that we minimize any risk to the institution. If you wish to extend an employee's original term date, please contact us prior to that date and in accordance with the respective start date matrix per the employee type.

All employees MUST meet all required clearances before they are eligible to begin work. There are no exceptions. HR will issue a formal clearance email to the manager once the employee is clear to begin work. If HR issues a clearance date, employees cannot "volunteer" before said clearance date unless they have met the appropriate clearances required of a volunteer.

I have attached the October - December 2020 matrices for monthly paid staff, bi-weekly paid staff, and students (all paid bi-weekly) for quick review of the upcoming months; be mindful of the revised timelines and deadlines in place. This start date matrix is also available on the HR intranet for review any time. Please see the respective tabs/sheets at the bottom of the spreadsheet for each category of employee/pay schedule. If you have any questions about these dates, please don't hesitate to contact myself or any member of the Employment Services Team.

Offer letters must be sent to [employment@gcsu.edu](mailto:employment@gcsu.edu) for review & approval prior to issuing to your new hires and/or rehires.

All PAFs must be sent to [PAF@gcsu.edu](mailto:PAF@gcsu.edu) for processing.

## Deadline to Request Small Group Instructional Diagnosis (SGID): October 2

Center for Teaching & Learning : Friday September 25, 2020

The goal of the Small Group Instructional Diagnosis is to provide faculty with important feedback that helps them adjust their teaching and improve student learning outcomes. This process, vetted in research, supports the continuous quality improvement of the teaching and learning process and shows our continued commitment to creating innovative learning environments, high-impact pedagogies, along with meaningful student-faculty interaction at Georgia College. After completion, the requestor will receive a letter from the Center for Teaching and Learning that certifies participation; however, the results are entirely confidential. For Fall 2020, the SGID opens September 28 with a deadline to request a diagnostic by October 2nd and subsequently closes on October 9th. Please contact the Center for Teaching and Learning to schedule a session for your class.

# Changes to Georgia College Spring 2021 Academic Calendar

University Communications : Monday September 28, 2020

The health and safety of Georgia College students, faculty, and staff is of the utmost concern for the university. Out of an abundance of caution, and due to continued concerns associated with the COVID-19 pandemic, Georgia College will amend the spring semester academic calendar.

Spring classes will begin Tuesday, Jan. 19, instead of the originally scheduled date of Wednesday, Jan. 6. Spring Break, originally set for March 15-19, has been removed from the calendar. The last day of classes will be May 3. Final exams will be held online between May 4-7. The full revised academic calendar for in-person instruction is available [here](#), and the [final exam schedule here](#).

This decision aligns with national trends in higher education as several institutions across the nation have made similar adjustments. These changes are also similar to the adjustments that were made in the prior fall semester. The goal of these changes is to ensure learning continues while limiting the potential spread of COVID-19 by reducing travel to and from campus.

This new calendar has been reviewed and approved by the University System of Georgia and is supported and endorsed by the Georgia College academic administration.

## Four Georgia College Faculty Selected As Chancellors Learning Scholars

University Communications : Monday September 28, 2020

Four Georgia College faculty were recently selected for the University System of Georgia's Chancellor's Learning Scholars Program.

- Dr. Scott Butler, Professor of Public Health
- Dr. James Schiffman, Associate Professor of Communication
- Dr. Jehan El-Jourbagy, Assistant Professor of Business Law,
- Dr. Stefanie Sevcik, Lecturer of English

These faculty members went through the nomination/application process and were selected for this statewide program. As Chancellor's Learning Scholars, they will take part in faculty development opportunities related to online learning and high-impact practices with peers from all around the state. They will then bring their experiences and knowledge back to Georgia College and lead faculty learning communities for their peers. When asked about the program, Dr. Jordan Cofer, Associate Provost for Transformative Learning Experiences, said that "it certainly speaks to the good work that GC faculty are doing. GC is known for innovation in the classroom and these four are certainly deserving of this honor." All Chancellors Learning Scholars serve a two-year term.

## The Corinthian is seeking faculty reviewers

Ina Dillard Russell Library : Tuesday September 29, 2020

The Corinthian is currently searching for faculty to serve as reviewers for its 2020 edition, set to publish in December. If you are able to complete a review before October 20th, please contact Sydney Marks, Editor in Chief. We manage the entire reviewing, editing, and publishing process through The Knowledge Box. We hope this will make your task as a reviewer easy and efficient, and we are on hand to walk you through the steps as well as share information about this new process.

The Corinthian will publish the 21st volume in 2021. This an excellent opportunity for current students to publish articles in their area of interest. If you notice any outstanding work from your students during the 2020-2021 academic year, please encourage and support the submission of those articles. The Corinthian will accept submissions from November 2020 to March 2021. Please direct your student to [kb.gcsu.edu/thecorinthian](http://kb.gcsu.edu/thecorinthian) to submit an article.

## New Bobcats, Claim Your Merit Page

University Communications : Tuesday September 29, 2020

Georgia College wants to celebrate all of your hard work and achievements while you are here! Merit Pages is a platform to help showcase your talents to friends, family and potential employers.

Every student has their own page, which is essentially a digital portfolio. This can hold accomplishments such as making Dean's list, becoming an ambassador, studying abroad, earning an award, or other achievements. We know you want to share all of these accomplishments. On Merit, you can easily post these to your social media pages so others can give you your well-deserved recognition.

Claim your Merit page by clicking the link sent to your bobcats email address or by visiting [www.gcsu.meritpages.com](http://www.gcsu.meritpages.com). If you have any questions, please contact University Communications at 478-445-1934. Don't miss out on this awesome opportunity to showcase your achievements throughout your time here at GC!

## Dr. Harold Mock to Lecture at Sciences Po

Leadership Programs : Wednesday September 30, 2020

Dr. Harold Mock, director of leadership programs and assistant professor of history, will deliver a virtual lecture this week at the Institut d'études politiques de Strasbourg (Sciences Po Strasbourg). His lecture, "The Domestic Sources of U.S. Foreign Policy," addresses the connection between American domestic politics and the U.S. role in international affairs.

To lead public conversation and enrich others with shared knowledge is a part of our mission of leadership for the public good and our duty as Georgia's public liberal arts university.

The lecture will be hosted by Dr. Birte Wassenberg, professor of contemporary history at the University of Strasbourg.

"The sources that motivate our foreign-policy decision-making are deeper than the politics of the day. Despite the punditry, in fact, U.S. foreign policy is often decades in the making," says Mock. "My talk challenges students to identify those trends and to consider their origins."

A specialist in international affairs and transatlantic relations, Dr. Mock's research interests include civil-military relations, particularly related to nuclear strategy and defense planning in western Europe. He is currently writing a book entitled *Dangerous Power: An International History of German Unification, 1969-1993*.

Dr. Mock holds a Ph.D. in history from the University of Virginia, where he previously served as Bradley Research Fellow. Additionally, Dr. Mock holds a master's degree in history from Virginia and bachelor's degrees in political science and history from Georgia College.

## GC Soccer Earns Team Academic Award for Sixth-Straight Year

Athletics : Wednesday September 30, 2020

The United Soccer Coaches recently announced the 2019-20 recipients of their Team Academic Award, with Georgia College taking a spot on the list for the sixth season in a row.

The United Soccer Coaches Team Academic Award goes to teams that post a grade-point average of 3.0 or better during the school year.

"I am very proud of the ladies for excelling in the classroom this past year," said head coach Tinna Gallagher. "They faced a lot of challenges in the classroom due to COVID-19 but still managed to finish the academic year in an outstanding way."

In total, 575 teams nationwide earned the award, across all three NCAA Divisions, the NAIA and Junior Colleges.

Owning a 3.50 GPA for the year, the Bobcats were one of six schools from the Peach Belt Conference (PBC) on this list. This marks the sixth straight season for GC and 12th overall.
