"Philosophy's Failure in the Face of Slavery." A special talk with Robert Bernasconi

Philosophy Religion & Liberal Studies, Department of : Monday April 1, 2024

Tuesday, April 9, 2024

2 - 3:15 p.m.

A&S Auditorium

The rejection of slavery by the major European powers early in the 19th century was the result of a moral invention of an unprecedented character and yet, until recently, there was almost no mention of any aspect of slavery in histories of ethics or of political philosophy. This was in spite of the fact that questions surrounding the legitimacy and practice of slavery were a regular part of moral philosophy courses at universities from the 16th century until its abolition. At a time when many institutions of higher learning are reflecting on their complicity with chattel slavery in terms of the sources of their funding and their use of slave labor, academic philosophy as an institution must come to terms with the fact that at various key historical moments it continued to justify slavery, even when slavery was under attack in society at large. This talk outlines what needs to be done to meet this challenge.

Robert L. Bernasconi is Edwin Erle Sparks' professor of [Philosophy](#) and African American Studies at [Pennsylvania State University](#). He is founding co-editor of the Journal Critical Philosophy of Race and is the author of numerous articles in that area. He has also written two book on Heidegger and Satre.

Co-Sponsors: Philosophy, Religion and Liberal Studies, The Office of the Dean, College of Arts and Sciences and The Honors College

Antoinette Reames Art. Love. VibeZ

Art, Department of : Tuesday April 2, 2024

In this exhibit, viewers will see themes that can relate to any individual, not only those accustomed to professional art. Art. Love. VibeZ. invites individuals from any background to experience these artworks, drawing together the diverse community that Antoinette Reames's heart is clearly tied to. Her presence within the Milledgeville community is noticeable through her work coaching youth basketball, being a member of the city council and connecting to locals through her tattooing. Antoinette's heart for the community and art have collided in this show and created something that will have a lasting effect on the hearts of those who are lucky enough to witness it.

Reames began her artistic career at Georgia College & State University where she majored in studio art and played for the women's basketball team as a student-athlete. After graduating and continuing to pursue her art career, she gave her first tattoo while in Florida. After this experience, she was inspired to study the craft herself. Setting up an at-home studio in her kitchen, she began her practice and over time grew a base of loyal clients. This growth led to the creation of her studio, Black Barby Ink, which in turn, made her the first African American woman to open a private tattoo studio in Milledgeville. Having put together a team of artists that focus on creating individual and unique artworks, Reames has allowed herself to focus on creating art outside of tattooing. During open hours, she paints in her studio, allowing clients to sit and watch her work, talking and sharing her love of art as her paintings come to fruition.

STAR Ally Workshop - April 12, 2024

LGBTQ+ Programs : Thursday April 4, 2024

LGBTQ+ Programs will be offering S.T.A.R. Ally Workshop on Friday, April 12, from 2-5:30 p.m. Please register at [this link](#).

The S.T.A.R. Ally (support, teach, affirm, respect; GCSU's version of Safe Space) program advances one of Georgia College & State University's guiding principles of "instilling respect for human diversity and individuality" by affirming people of all sexual and gender identities and lessening the prejudice that limits the university experience and well-being of LGBTQ+ identified students, faculty, staff, facility members and administrators.

The overarching goals of the S.T.A.R. Ally workshop are to increase participants' awareness and knowledge of LGBTQ+ people's identities and experiences and provide the skills to be an ally for the LGBTQ+ community at GCSU and beyond.

Please note: These workshops will be held in person, and their location will be communicated following registration. S.T.A.R. Ally cannot be made mandatory for any individual or group and is an opt-in program only. If you are interested in having your organization or group go through S.T.A.R. Ally, don't hesitate to contact LGBTQ+ Programs to discuss your needs.

Additionally, individuals who identify as LGBTQ+ are welcome and invited to attend S.T.A.R. Ally, however, some of the activities and content covered may be challenging for members of the LGBTQ+ community, especially those who have had negative experiences related to their identity previously. Please reach out to melissa.gerrior@gcsu.edu if you have further questions or concerns.

2024 GCSU Alumni Giving Challenge

University Advancement : Monday April 8, 2024

Mark your calendars for April 10-12 and join us in the 2024 Georgia College & State University Alumni Giving Challenge. For 72 hours, we are encouraging our alumni to find an area most meaningful to them and make a gift back to their alma mater. As a valued faculty or staff member, we know that you have deep, longstanding relationships with alumni, and we need your assistance to help us break a record of 600 alumni donors for this campaign.

Less than 2% of our alumni donated back to Georgia College in the last year. Our 72-hour Giving Challenge aims to improve that statistic as we reengage with alumni and launch a [brand-new online giving experience](#). We hope you will assist us by sharing the campaign across your networks, engaging with your colleagues, encouraging students to utilize their social channels, and using this as an opportunity to connect with alumni from your department, school, center or college.

This year, we are excited to highlight three pivotal areas of campus that significantly influence the student experience: Intramurals, GCSU Helping Hands and The Heritage Fund, along with special projects and initiatives from each of our five colleges.

Thank you for your support as we strive for a record-breaking year.

Second Chance Reentry Simulation

Government & Sociology, Department of : Tuesday April 9, 2024

The Criminal Justice Program is conducting a reentry simulation Friday, April 12, from 10 a.m. until 12 p.m. in the Pat Peterson Museum Education Room in the library. This simulation was developed by the Department of Justice to simulate the struggles and challenges faced by individuals who are transitioning from incarceration back into society. Each participant assumes the identity of an ex-offender and receives a packet of materials explaining the reentrant's criminal background, current living situation, current job situation and the specific weekly tasks that must be accomplished in order to avoid the risk of being sent back to prison. The goal of this simulation is for participants to gain an understanding of the significant obstacles faced by men and women attempting to navigate the system upon their release from incarceration and returning home to their communities. All faculty, staff, students and the community-at-large are invited to participate. After the simulation, there will be an opportunity to discuss the complexities of the process and the obstacles returning citizens face with a panel of guests from the Offender Alumni Association and the University of Alabama at Birmingham.

All attendees must register as a participant or volunteer. Participants will take part in the simulation and have the opportunity to stay for the open discussion. Members of the volunteer team will assist with the simulation. The volunteer team can leave immediately after the end of the simulation or stay for the open discussion.

Eve Puckett Giving Tree Planting honoring Blakely Queen

Community Engagement and Service, Office of : Tuesday April 16, 2024

Join us this Monday, April 22, at 4 p.m. at Napier Hall for the Eve Puckett Giving Tree Award celebration and tree planting.

The Eve Puckett Giving Tree Award is given to an organization or a person who has left a lasting legacy of service at the university. Each recipient plants a tree on campus as an act of giving back to the community.

This year, the recipient is Blakely Queen. From Blakely's nomination:

"Blakely is an outstanding honors student at Georgia College & State University who is majoring in public health and minoring in sociology. Through her volunteerism, Blakely is highly active on our campus and in our community. For example, she has a passion for helping animals and served as a kennel technician at Ashley Hills Pet Center, served as an assistant coach at Shiloh Horse Ranch and volunteers (100+ hours/year) through the campus Shelter Buddies RSO. Since 2022, Blakely has served as a community advisor in the Residence Halls and over the last year has served as my research assistant. In addition, she participated in the GCSU Leadership Academy, is currently the president of the National Residence Hall Honorary and actively volunteers in the community through the Center for Health and Social Issues. Blakely has received numerous awards including the Pauline Kelly Malone Scholarship, the 2024 Outstanding Senior in Public Health Award and the GCSU Bronze Service Medal. Overall, Blakely is a kind-hearted student and one of the most altruistic public majors I have ever met. I believe she represents the ideals of Eve Puckett and that she would be an excellent ambassador of Eve's legacy."

Please join us in honoring and celebrating Blakely.
