

BOIL WATER ADVISORY LIFTED

Date: Wednesday July 13, 2022

Department: Water Department

The city water department and the Georgia EPD has rescinded the current boil water advisory for area of **West Hancock Street between South Clark Street and South Jackson Street and on South Columbia Street between West Greene Street and West Hancock Street.** Favorable results were produced from the bacteriological sampling within the affected area. With the boil water advisory lifted, the water supply has been deemed safe for human consumption.

The Boil Water Advisory for the area of West Montgomery Street between North Tatnall Street and North Clark Street and on North Columbia Street between West Montgomery Street and West McIntosh Street is still in effect.
